General and Revenue Secretariat | File No 84 of 1919

Serial No

Read 24/4/19

7 The outlay incurred on Public Buildings since the revision of the establishment in 1915 and the establishment charges incurred are noted below:—

Year	Outlay on Public Works Buildings & Repairs	Establishment	Percentage
1915-16	57,239	8852	17
1916-17	53003	9446	18
1917-18	48,712	9985	20
1918-19 (Revised but final accts not available)	84,260	11848	14
Total	243,214	40131	
Average	60,804	10,033	167

8 The percentage of establishment charges as high and it has shown a little by the larger expenditure on repairs during 1918-19 No case to have been made out for increase of pay to existing as the main work to them is the repairs of roads and ordinary ~~Public~~ original works and a special agency exists for execution of Irrigation works.

NOTE—Contn sheet

G. R. S. III 2)

General and Revenue Secretariat | File No. 34 of 1919

9 The increases proposed are the following

(1) Raising the pay of the Mil Engineer and the allowances

(2) Appointment of a Sub Asst Engineer on Rs 100 + 30

(3) Appointment of 4 Sub overseers on 2 on 55-35+15 in lieu of 3 temporary ones at an added cost of Rs 40 a month

9 Of these no (3) appears necessary and involves little added expenditure. The location to the East of Fort Central Road requires one more Sub overseer So there is need for 4 Sub overseers as proposed

11. As regards no (1), sanctioned in 1915 when the Press at proposed a higher salary to the Engineer fixed his pay at 550-10-250, after due consideration. The

Note—Contn sheet

1764

Serial No.

Statistics furnished in para 7 and 8 do not disclose any need for enhancement of his pay. ~~He is appointed~~ An allowance of Rs 50 is held to this officer in view of the large amount of travelling in the city and the officer may be asked to maintain a motor bicycle without increasing the allowance. He may not be asked to maintain a motor car.

12. As regards the appointment of a sub Asst Engineer, the Md Engineer says that there is no competent officer to assist him. There are already an overseer who appears to be drawing Rs 90+15 and it is not clear whether this overseer can not afford the Engineer the necessary help. The necessity for both the appointment of a sub Asst Engr and overseer is not made out.

Submitted for orders

(a) From the proportion statement, it is seen that there are at present altogether 24 permanent & 3 temporary hands in the Mal Department staff. The temporary hands were sanctioned for expediting the issue of building licences and there term expires on 31st Dec 29

(b) The revised scale submitted makes provision for 29 hands permanent and no temporary establt. The charges mainly relate to the employment of additional Surveyors & Assistant Engrs

(c) The Spl note above indicates that no case has been made out for increase of establt. But I submit there is something to be said in favour of increasing the Subordinate supervising establt. Work is going on in various directions and to effectively supervise the works, a larger number of subordinates with limited jurisdiction is necessary. Instead of increasing the number of Spvrs it would be better to increase the Subordinate staff. One Supervisor with a Motor car or Cycle could not be capable to exercise general supervision on the city. It is submitted therefore that instead of accepting the revised scale, [illegible]

NOTE—Contn sheet

the proposals may be modified so that the Valley may have permanently the 27 hands (24 hands existing at present + 3 temporary hands) now working in the Valley. This will mean that the rail superior staff have 1 asst Supt. 2 overseers, 8 Sirdars which seems to be a liberal provision. The subordinate staff will only consist of unskilled coolies and it is difficult to see what other work he will be able to entrust with as there is a costly superior staff for the rail superintendence also ~~[illegible]~~ ~~[illegible]~~

The proposal of the President to give increased pay to the rail superior does not seem to be very extravagant and is for consideration

17) If the above suggestions are approved, there will be a saving of Rs 150 (226) - per annum in the proposals sent by the President the total. dearn in the Valley on these schemes will be only Rs 3000 p a against Rs 4000 proposed for added

(Recd)

28/10/19

If the proposals submitted for sanction are clearly explained

below

	Existing		Proposed
Permt	1 Ml Engineer	Permt	1 Ml Engineer
	1 Overseer		1 " Asst Engr
	6 Sub Overseer		1 " Overseer
Temp'y	1 Overseer		10 Sub Overseer
	2 Sub Overseer,		
Total	11	Total	13

19 The other 16 hands consisting of Clerks, storekeepers &c remain the same, so that instead of the existing 24 permanent & 3 temporary hands, is proposed to have 29 ~~hand~~ officers

20 The Ml Engr's pay is proposed to be raised from 150-10-250 to 250-25-400, with an allce of 50 Rs if a Motor Cycle is maintained or Rs 100 if a car is kept. The increased scale of pay & allce seems too high for officer on 250 can hardly afford keep a motor car

21 A Sub Asst Engr on 100+30 not seem quite necessary On the other hand, two Overseers, as at present, but with the same pay viz 70 - 10/2 - 90 +15, may be more useful

OFFICE OF THE CITY MUNICIPAL COUNCIL,

Bangalore City dated 26th August 1919 / 1st September

From

DEWAN BAHADUR RAJA SABHA BHUSHANA
K P PUTTANNA CHETTY Esq C I E
Honorary President Municipal Council,
BANGALORE CITY

To

B RAMASWAMAIYA, Esq B A B L
Secretary to the Government of
His Highness the Maharaja of Mysore
Revenue Department BANGALORE.

S i r,

I have the honour to state that a sum of Rs. 4 880/- has been provided in the Current Year's Municipal Budget under "D - Public Works, Civil Department Establishment" with a view to appoint an additional Engineering Staff consisting of a Sub Assistant Engineer on Rs. 100/- plus 30/- and 4 Sub Overseers on Rs. 25/- - 5/3 - 35/- plus Rs. 15/- each in lieu of the temporary staff sanctioned in G O No 11760-1/M1 12-18-50 dated 15th March '19, for checking the building licenses and, to increase the pay of the Municipal - Engineer from Rs. 150-10-250/- plus Rs. 50/- to Rs. 250-25-400/- plus Rs. 100/- if a Motor Car is maintained, or Rs. 50 if a motor bicycle is maintained, so as to make the same equal to the grade of an Assistant Engineer in the State Public - Works Department The work of this branch of the Municipality is growing daily and the present staff is quite unable to cope with it The Municipal Engineer deserves the higher scale of pay and an Engineering Assistant is badly needed Hence the recommendation he should maintain a motor vehicle

2 I submit herewith a proposition statement for the revision of the said establishment as resolved by the Municipal Council and request that Government may be pleased to sanction the same

16

3 The temporary establishment above referred to will be abolished when the revised scale comes into force

I have the honour to be

S i r,

Your most obedient servant

Honorary President

to be followed by a reappropriation statement if the proposal involves additional expenditure

Rev. Dr. 1934 17 to 18

Grounds of Proposition

There are 9 Divisions in the Colony which is still extending. 6 subdivisions with one overseer over them are attending to the ordinary Engineering requirements and two subdivisions with one Overseer are attending to licensing of buildings this arrangement is not found to work well It is necessary that each Division should have one subdivision and the heavy III Division to have two subdivisions since efficient supervision is necessary for the proper execution of work and the III Engineer has no Competent officer to assist him, it is deemed necessary to appoint a sub-assistant Engineer on the scale of pay proposed To compensate for the increased responsibilities and work, the present scale of pay of the III Engineer which is Comparatively low is raised as shown in the proposition statement

Yours obediently

G O No 3393-4/ml 39-14-43 dated the 10th November 1915 sanctioning the revision of the scale of the establishment of the Public Works Department of the Bangalore City Municipality

2 Letter No 59 dated the 1st September 1919 from the President Bangalore City Municipal Council submitting for sanction a proposition statement for revision of the Engineering establish of the Bangalore City Municipality

---

Order-- o 27812-3ml34 1943

Dated Bangalore 15-1- 1

Govt consider that the proposed -- appointment of a sub-Assistant Engineer on Rs 100+30 is not necessary and that on the other hand the entertainment of an additional overseer on Rs 70-$\frac{10}{2}$-90+15 would be more useful An additional -- overseer may therefore be entertained

2 The increased scale of pay and allowance recommended to the Municipal Engineer has been pitched too high and -- Govt do not consider it necessary to -- sanction this increase

3 As regards additional Sub-Overseers two more hands may be entertained on - Rs 25-$\frac{5}{3}$-75+10 to cope with the increased work in the City

4 With due regard to the above observations the revision of the Municipal -- Engineering -

10

Engineering Establishment as indicated in the statement appended to this order is sanctioned The strength of the establishment sanctioned will be the same as that now in existence including the Temporary Establishment sanctioned in the G O No 470)-1/ml 1 -18- dated 15th March 1918 The temporary staff should be either disbarded or -- absorbed in the sanctioned scale under this order
